Milind college of Science, Aurangabad was founded seventy five years ago, in 1950. The college was founded with the aim to provide the educational needs for the communities deprived from education for thousands of years. We strongly believe that no student should face challenges in pursuing his/her education due to financial constraints. Sticking to the vision, college has provided various opportunities for students from poor background from the establishment of the college. Most of students of our college came from rural area of Vidharbh and Marathwada . Generally all these students are form financially weaker family. Still in the recent years, students were at the risk of dropout due to rise in fee, and high hostel fees in Aurangabad. Thus, it has increased the financial burden on parents of students to send them for further study in higher education in Aurangabad. Therefore to minimise financial burden of the students, the management of the college has provided Hostel facility to the Boys and Girls students from economically backward class. ‘Ajantha’ Boys hostel and and ‘Pradnya’ Girls hostel provides healthy environment for boys and girls students coming from all categories. Hostels are well equipped well furnished with advanced facilities like solar water heater as well cold water for 24 hrs. Thus, institution has tried best to provide education to needy students without any kind of obstacles due to economic problem.
