Subject: Registration for Research leading to Ph.D. Degree
 in the subject of CHEMISTRY,
 under the faculty of SCIENCE (Full-Time)

With reference to your application in the subject noted above, I am to state that you have been registered for Research leading to Ph.D. in CHEMISTRY under the provisions of O.188, on probation for a period of six months in the first instance with effect from December-2015 under the guidance of Dr. A. S. Munde. Your registration will be continued on report of satisfactory report from your research guide regarding your research work and fulfillment of all terms and conditions during the probationary period.

The topic of your research is as under:

DEVELOPMENT OF NEW AND IMPROVED SYNTHETIC PROTOCOLS FOR BIOACTIVE HETEROCYCLIC COMPOUNDS.

* I am to request you to return the enclosed proforma duly filled in within ten days from the receipt of this letter.

Subject: Registration of research leading to Ph.D. Degree in the subject of Chemistry under the Faculty of Science and Technology (Full Time).

With reference to your application on the subject noted above, I am to inform to you that you have been registered for research leading to Ph.D. Degree in the subject of Chemistry under the Faculty of Science and Technology (Full Time) under the Provisions as per Ordinance 01 July, 2017. The provisional for a period of one year in the first instance with effect from June-2018 under the guidance of Dr. A. S. Munde. Your registration will be confirmed on receipt of report from your research guide regarding your research work during the probationary period. The topic of your research is as under:
SYNTHESIS, CHARACTERIZATION AND BIOLOGICAL SCREENING OF SOME NEWER NITROGEN, OXYGEN AND SULPHUR CONTAINING HETEROCYCLIC COMPOUNDS.

I am to inform you to that pay the Tuition Fees every year as per revised ordinance 01 July 2017 from the receipt of this letter and resubmit the enclosed proforma duly filled with signature within Ten days from the receipt of this letter.

The research student shall mandatory to changes in research work as per instruction given by the R.R.C. The concern changes should be communicated or submitted to the Ph.D. section within Ten days.

Subject: Registration of research leading to Ph.D. Degree in the subject of Chemistry under the Faculty of Science and Technology (Full-Time).

With reference to your application on the subject noted above, I am to inform you that you have been registered for research leading to Ph.D. Degree in the subject of Chemistry under the Faculty of Science and Technology (Full-Time) under the Provisions as per Ordinance No. 1009 dated 22 June, 2020. The provisional registration for a period of one year in the first instance with effect from November-2021 under the guidance of Professor Dr. A. S. Munde, at University recognised Research Center, Millad College of Science, Nagsenvana, Aurangabad. Your registration will be confirmed after completion of Pre Ph.D. Course Work and on receipt of satisfactory report from your research guide regarding your research work during the probationary period. The topic of your research is as under:

LIQUID LIQUID EXTRACTION OF METALS BY NEWELY SYNTHESIZED EXTRACTANT.

You are informed to pay the Tuition Fees every year as per revised Ordinance No. 1009 dated 22 June 2020 from the receipt of this letter and resubmit the enclosed proforma duly filled with signature within Ten (10) days from the receipt of this letter.

In case there is any change in the research proposal, it is mandatory for the research scholar to follow the instructions given by the R.R.C. and shall bring in notice of the concern within Ten (10) days, otherwise there will not be any change in the proposal submitted by the research scholar.

WASHIM.

Subject: Registration of research leading to Ph.D. Degree in the subject of **Chemistry** under the **Faculty of Science and Technology (Full-Time)**.

With reference to your application on the subject noted above, I am to inform you that you have been registered for research leading to Ph.D. Degree in the subject of **Chemistry** under the **Faculty of Science and Technology (Full-Time)** under the Provisions as per Ordinance No. 1009 dated 22 June, 2020. The provisional registration for a period of one year in the first instance with effect from **November-2021** under the guidance of **Professor Dr. Rahul Amrutrao Waghmare**, at University recognised Research Center, **Milind College of Science, Nagsenvana, Aurangabad**. Your registration will be confirmed after completion of Pre Ph.D. Course Work and on receipt of satisfactory report from your research guide regarding your research work during the probationary period. The topic of your research is as under;

SYNTHESIS AND EVALUATIONS OF SOME NOVEL HETEROCYCLIC NON-STEROIDAL ANTI-INFLAMMATORY AGENTS.

You are informed to pay the Tuition Fees every year as per revised Ordinance No. 1009 dated 22 June 2020 from the receipt of this letter and resubmit the enclosed proforma duly filled with signature within Ten (10) days from the receipt of this letter.

In case there is any change in the research proposal, it is mandatory for the research scholar to follow the instructions given by the R.R.C. and shall bring in notice of the concern within Ten (10) days, otherwise there will not be any change in the proposal submitted by the research scholar.

JIDNYASA-2020

State Level Science Exhibition

Organized by :-
People's Education Society's (Mumbai)
Milind College of Science
Nagservana, Aurangabad - 431 002

On
23rd, January 2020
@ MCSA

I pay my oral tribute to Tathagat Gautam Budhha and Bharatratna Dr. Babasaheb Ambedkar. Respected JIDNYASA 2020 Examiners, Prof. P. W. Khirade, Prof. S. T. Gaikwad, Prof. Bharti Gawli, and Dr. Narayan Pandure Principal Prof. S D Rathod Sir, IQAC Coordinator Prof. A S Munde, Supervisor Dr. C R Dode, Members of JIDNYASA 2020 Organizing Committee, Chairman's of various committees, all teaching and non teaching staff of the college, CHB faculties of the college, Faculty members from participating colleges and participating students of JIDNYASA 2020, Press and Media officials, all students of Milind College of Science, all others, It gives me an immense pleasure to welcome you all for JIDNYASA 2020 - State Level Science Exhibition being held at Milind Campus.

Peoples Education Society, Mumbai is celebrating its Platinum Jubilee Year. To mark the Platinum Jubilee we have organized various events throughout the year and JIDNYASA 2020 is one of such events. Friends, It is my privilege that I got opportunity to coordinate JIDNYASA 2020 State Level Science Exhibition during the Platinum Jubilee Year.

Friends, 'JIDNYASA', the curiosity to know, to analyze, to full fill something in order to make the human life comfortable, easy, simple, happy and joyful and peaceful is the KEY of all scientific and Technological Developments that we experience today. This day of January 23, 2020 came true due to the only motivational and driving force of respected Principal Prof. S D Rathod Sir and of course due to all the teaching and non teaching faculties that involved continuously in making JIDNYASA 2020 successful since last month. I share my gratitude with all of you.

Friends, keeping no bars we have invited entries to the event from all science colleges as well as engineering colleges running UG and PG courses, University Departments all over the Maharashtra. As a result, JIDNYASA 2020 has participants from various regions such as Khandesh, Marathwada etc. JIDNYASA 2020 has 44 Exhibits and 101 participants in total. JIDNYASA 2020 covered almost all fundamental sciences and technologies. Just to mention it has experiments from Physics, Chemistry, Mathematics, Electronics, Computer Science and Engineering, Botany, Zoology, Biotechnology, different branches of Engineering and even languages.

With this briefing I would like to introduce with you the JIDNYASA 2020 Examiners. Friends, we are really fortunate to have experts from different areas as examiners. Prof. P. W. Khirade SIR, is an expert in the field of Electronics. Recently, he retired from Dr. Babasaheb Ambedkar Marathwada University as Professor and Head of the Physics Department. He is

जिज्ञासा २०२० मिलिंद विज्ञान महाविद्यालयामध्ये आयोजित

औरंगाबाद () : येथील मिलिंद विज्ञान महाविद्यालयाच्या वतीने पीपल्स एज्युकेशन सोसायटी च्या रजत महोत्सवी वर्षा निमित्त युवका मध्ये विज्ञान विषयक जागृती करण्याच्या उद्देशाने जिज्ञासा २०२० या राज्य स्तरीय विज्ञान प्रदर्शनाचे आयोजन २३ जानेवारी रोजी आयोजित आले.

जीज्ञासा २०२० मध्ये स्थानिक तसेच परळी वैजीनाथ सारख्या बाहेरील विज्ञान तसेच अभियांत्रिकी महाविद्यालयातील आलेल्या विद्यार्थ्यांनी प्रयोग सादर केले. यामध्ये अॅटोमॅटीक लगेज् कॅरीअर, डिस्टन्स मेझरींग मशीन, फिंगर की लॉगीन सिस्टम, इको फ्रेन्डली गणपती मेकींग मशीन, स्मार्ट नोटीस बोर्ड, जीपीएस ट्रॅकर, डॅम मॅनेजमेंट, प्रॉडक्टव्हिटी ऑफ सॉईल .आय ओ टी बेसड स्मार्ट सिटी, वॉटर प्युरीफायर, इलेक्ट्री सिटी जनरेशन फ्रॉम किचन वेस्ट, एअर प्युरीफायर, एक्झाम गाईडन्स अॅप, बायो सेन्सर इत्यादी विषयांवरील वर्किंग मॉडेल सादर करण्यात आले. यामध्ये एकूण पन्नास प्रयोग सादर करण्यात आले व शंभर पेक्षा जास्त विद्यार्थी विद्यार्थिनी नी भाग घेतला.

जिज्ञासा २०२० साठी डॉ बाबासाहेब आंबेडकर मराठवाडा विद्यापीठातील पदार्थविज्ञान चे प्राध्यापक डॉ प्रकाश खिराडे, संगणकशास्त्राच्या प्राध्यापक डॉ भारती गवळी, वनस्पतीशास्त्राचे प्राध्यापक डॉ नारायण पंडुरे व रसायनशास्त्राचे प्राध्यापक डॉ सुरेश गायकवाड यांनी परीक्षक म्हणून काम पाहिले. जिज्ञासा २०२० चे उदघाटन महाविद्यालयाचे प्राचार्य प्राध्यापक डॉ. शांतीलाल राठोड यांच्या हस्ते करण्यात आले.

जिज्ञासा २०२० च्या आयोजनामध्ये महाविद्या लयातील आयक्वॉक समन्वयक प्राध्यापक डॉ अच्युत मुंडे, जिज्ञासा २०२० चे समन्वयक प्राध्यापक डॉ धन्यकुमार कुरमुंडे, प्राध्यापक डॉ राजेंद्र यन्नावार, प्राध्यापक डॉ मुकुंद कुलथे, प्राध्यापक डॉ राहुल वाघमारे, प्राध्यापक डॉ के एन विधाते, प्राध्यापक डॉ शाम अन्नापूरे, डॉ सिद्धार्थ सरकटे, डॉ छाया दोडे, प्राध्यापक प्रदीप कापकर, प्राध्यापक बी डी शिंदे, कार्यालय अधीक्षक श्री आनंद थोरात तसेच महाविद्यालयातील सर्व शिक्षक आणि शिक्षकेतर कर्मचाऱ्यांनी विशेष परिश्रम घेतले.

HABIT FORMATION AND REFORMATION-II

An important principle to be observed for breaking a bad habit and forming a new one is the avoidance of any exception in this process. If, for example, a person resolves to give up the habit of smoking, he should not allow himself to think that he can smoke one cigarette today because there are guest-smokers in his home today and that, from tomorrow, he will give up smoking totally. If he permits himself such kind of exceptions or lapses; then, he will either not be able to root out the habit finally or will make his own task very hard. Things have not to be done by fits and starts. Once, you have determined to oust the enemy and have put him on the run, don't let him in again.

In this context, one incident from the life of Shivaji, the Maratha war-hero and his prominent courtier, Shelarji, comes to mind. Tanaji once entered the castle of the enemy's army by climbing up its wall with the help of the rope. When the enemy's military forces became aware of the surprise entry of the Maratha forces, skirmishes started. Feeling scared, some less-determined soldiers of the Maratha forces began a hasty retreat towards the rope, which was the only means of escape, because the enemy, who was encamping in the castle, had bolted the royal gates from inside and were heavily guarding them lest the Maratha entrants should run out. Shelarji, seeing that some of the Maratha soldiers were trying to escape by climbing down the rope, ordered the rope to be cut. As a result, the soldiers, now, thought that they had to do or die. History says that they fought valiantly and won the battle. This lays down for us a hint about how we can conquer the enemy, who is encamping in the castle of our mind. We should not try to find escape routes while facing the enemy. Let all ropes be cut. Let there be no excuses, no exception. Let no occasion serves to weaken our will. Once, a man has stopped smoking or has given up drinking alcohol or any other addiction, let him neither keep with him a packet of cigarettes or a bottle of wine for any occasion nor even ever touch these in future.

If a student decides to form the habit of regular study and,

LET US REUNITE GLOBALLY TO DEFEAT CORONA VIRUS

–**Dhanyakumar Kurmude**,
Prof. & HoD, Deptt. of Physics,
Milind College of Science, Aurangabad.

Friends, at present times our world is experiencing shocking, sorrowful and dangerous situation due to the global attack of corona virus. At present, almost every individual is affected in some or the other way due to corona virus. Further, the situation is affecting widely on various aspects such as economy, international relations, essential commodity shortages, etc.

Governments and various administrative agencies of all nations, states and territories are taking corrective and preventive measures to get rid of the virus of Corona Viral Disease, 2019 (COVID-19). Different non-government organisations, Research and Development Institutes, Start-Up Companies, Religious organisations and authorities, businessmen, celebrities and many others are also extending their hands of cooperation in a number of ways to defeat corona virus.

At personal and social levels, every individual in the world at large is taking care such as staying at home, washing hands frequently, gargling with warm water, washing vegetables with warm water, avoiding use of air conditioners, maintaining social distancing, disinfecting the rooms and various things that one handles frequently in order to remain safe and protected from the corona virus. These precaution activities also aim at preventing the spread of corona virus and to maintain society for healthy and happy life.

Friends, on the eve of this global disaster, I would like to take your attention to some fundamental facts and to think over them impartially just as a human being. By 'human being' I mean that I am not conscious of my religion, my nation, I am not conscious of my acquired and physical parameters

such as poor or rich, male or female, etc.

Friends, all this is a game of Mind and Matter. Both are forms of different type of Energy. They keep on interacting with each other. Let us try to understand which one is having dominance over the other?

Whether it is Mind over Matter or Matter over Mind? All of us experience these interactions in everyday life. When one is in a happy state of mind, his/her body, especially face, glows and becomes fair. One can easily recognise his/her happiness by looking at the face. Angry state of mind is reflected through red face, especially through eyes, nose, etc. In the same way, anxious, fearful mind is similar to slow poison, which gives rise to various physical disorders and, if not cared properly, leads to death. These interactions are carried out via the catalyst, known as thought, which is one kind of mental or spiritual energy! Basically, the thoughts are stimulus to secretion of various glands and variety of chemical reactions that take place in our body. Thoughts originate in mind and have the power to construct or destroy 'something', which is physical or materialistic.

It is also said that wars took place in mind first. Whatever is happening everywhere or anywhere in this world happens in somebody's mind first. Somebody is creating thoughts first and, then, materialising them afterwards in due course of time. Inventions and discoveries first took place in mind. All these scientific developments that we experience, today, had been thought of by certain human being as individual or as a group in certain region of the world! Just imagine, try to feel the Power of Thoughts. Thoughts are so powerful and are able to change the entire world!

Coming to corona virus disaster; one can come to the conclusion that it is also a bitter fruit of somebody's thoughts and actions, may be purposefully or unknowingly in natural way of

Dhanyakumar Kurmude

Keep all relationships with Incorporeal God only in order to forget all bodily relations.

one's lifestyle and/or food habits! But, now, it is time to conquer over the global disaster - the Corona Virus. But, the question is - How? The answer lies in thoughts and actions! One's thoughtful mind affects the matter around us. Whether the effect is constructive or destructive, that is decided by the quality of thoughts. Now, if we, as human beings, on this globe reunite and simultaneously make a thought of defeating corona virus, then, just realise the magic that will happen. The recent activity of lightening the candles (*diyas*) simultaneously, which took place in our country and a few other countries too for nine minutes with a thought to defeat corona, was one such collective step at a mass level! We want our globe to be out of the danger, caused by Corona. Our globe has to be safe, secure and protected from the tiny corona virus.

So, in addition to doing some protective physical activities, let us also think of doing some mental activities such as: fill your mind with positive, peaceful, pure and eternal thoughts. Those, who are still safe and secure from the disaster, should have thought of staying at home and staying safe with actions accordingly. Also, they should keep on radiating powerful thoughts of peace, energy and happiness in the surroundings while sitting at home. And amazingly most of the population is sitting at home, contributing to the task of defeating corona virus! In addition, they should give appreciation to the courage of those, who are working round the clock in field against corona virus attack. And those, who are at high risk due to their nature of work in addition to the safety measures, should have thought of wellbeing of others. Do well to remain well. At the same time, duty of every individual is to understand others' pain and co-operate with them. Those, who are infected with corona virus, should also fill their mind with thoughts of 'acceptance' of the medication through which they are undergoing. They should co-operate happily to the self as well as to the medical team present at their service. During the quarantine time, they can create thoughts such as: "I am peaceful. I am pure. I am protected and

secured. I shall come out of this corona virus attack. Before, few days everything was alright. I was leading happy and healthy life. No infection was there in my body. So, it will not be there in future also. I will be perfectly alright one day. I am supported by well wishes of my entire family and those who are sitting at home too. I have done so many good things in my life; so, it will help me in getting out of corona virus infection. The virus has affected my mortal body and not 'me – the spiritual being (soul)'. I, as human being (inner soul), am different from my body, the material cover or dress of the soul. The body is mine but I am not the body. I can see my infected body as separate from myself. I expose my infected body to the vibrations of peace and energy. Infection in my body is getting cleared. I am becoming healthy once again. I have become healthy."

And, now, the final and ultimate thought. One should accept the ultimate truth of death. One should understand the beauty of death and the Cycle of Birth-Death-Rebirth. The human being, who takes birth, has to die one day. No doubt, death is the ultimate truth but the beauty is that after death again there is rebirth. The cause, way and situation by or in which the death (and rebirth too) takes place is determined by one's own deeds or actions (*Karmas*). The Cycle of Birth-Death-Rebirth is everlasting. Every human being is an eternal, spiritual and immortal entity, apart from his/her physical body. The virus has affected the human being's mortal body but not the 'being' (soul) itself. So, have the understanding and feeling of distinctness of the soul from the body. Make the practice of realising the self/soul/self as a powerful, peaceful and purest spiritual energy point.

Thus, along with all precautions, ongoing medications, continuous streaming of such high quality thoughts in one's mind, will surely take him/her out of danger of corona virus. Let us reunite together for common cause of wellbeing of the entire humanity. Let us be safe and do safe and say: Good Bye Corona! ❖

Obstacles come to the spiritual effort-maker to take him ahead in path of progress.
